

A man with short brown hair, wearing a light blue t-shirt, olive green cargo shorts, red sunglasses, and black sneakers, is riding a skateboard. He is leaning forward with his arms outstretched, as if maintaining balance or performing a trick. The skateboard is black with white wheels. The background is white with faint, curved lines and binary code (0s and 1s) in blue and grey, suggesting a digital or technological theme.

NJ-13002 (22kgs)

NJ-21A (45kgs)

NJ-21D (80kgs)

NJ-21Q (120kgs)

Slides into Your Life

1U Tool-less

Blade Server Slides

1U

NJ-21J01

Developed for 438mm wide chassis

Universal tool-less bracket for EIA round (7.1mm*7.1mm) and square (9.5mm*9.5mm) cut-out installation.

Loading **35kgs**

System weight for UL test standard.

1U-2U

UFO CMA W-1602

Adjustable for left/right side power position

Outstanding wire design for better heatsink and air flow.
Tool-less for installation.

2U+

NJ-21D23 + CMA W1396

Developed for 438mm wide chassis and 9.5mm x 9.5mm square cut-out. SB tool-less for quick installation along with RoHS complaint plating.

Loading

80kgs

System weight for UL test standard.

1U-2U

NJ-21A40 + CMA W1475

Developed for 430mm wide chassis and 9.5mm x 9.5mm square cut-out. SB tool-less for quick installation along with RoHS complaint plating.

Loading

45kgs

System weight for UL test standard.

Screw Mount

1U

NJ-13002

Frictional slides, developed for 430mm wide chassis and 9.5mm x 9.5mm square cut-out.

EIA screw mount brackets along with RoHS complaint plating.

Loading

22kgs

System weight for UL test standard.

SB Tool-less

Repon SB tool-less can be applied to the different load rating of slides ranging from 34kgs(75lbs) to 100kgs (220lbs) and different chassis width from 430mm to 438mm. It is developed and designed to satisfy various needs on server slide solutions from cloud computing, and provide a new approach and idea to server designing. It placed Repon on a better and more advanced position among the other competitors.

1U-2U

NJ-21A58

Developed for 430mm wide chassis and 9.5mm x 9.5mm square cut-out. SB tool-less for quick installation along with RoHS complaint plating.
